

Episode 131: Business travellers - beware of dark hotel!

Date : November 14, 2014

This week's podcast looks at a new information security threat for executives. Researchers have found specific threats to international travellers and a sophisticated way of attacking corporate networks through laptops, phones and BYOD devices. The podcast explains the risks, regulatory concerns and how to avoid them.

TechLaw10 is a 10-minute audio podcast update from U.S. lawyer [Eric Sinrod](#) (Duane Morris) and UK lawyer [Jonathan Armstrong \(Cordery\)](#) where they share insights on developments where technology intersects with the law in the EU and the U.S. These well-known commentators are sought out in the media for their opinions on breaking news and developing trends. Whether you are in North America or Europe, now you can hear directly from them regarding the latest technology issues at home and across the pond.
