

## Episode 141: Smartphones can do anything. Or can they?

**Date :** March 12, 2015

In this episode Eric and Jonathan look at the issues around mobile phone use. How have mobile devices developed over the years? Will recent EU data protection guidance on health and well-being apps halt their progress? What does the recent FTC intervention tell us about the selling of health apps?

**TechLaw10** is a 10-minute audio podcast update from U.S. lawyer [Eric Sinrod](#) (Duane Morris) and UK lawyer [Jonathan Armstrong \(Cordery\)](#) where they share insights on developments where technology intersects with the law in the EU and the U.S. These well-known commentators are sought out in the media for their opinions on breaking news and developing trends. Whether you are in North America or Europe, now you can hear directly from them regarding the latest technology issues at home and across the pond.
