Episode 208: New Schrems Case Poses a Threat to International Data Flows ?

Date : October 10, 2017

TechLaw 10 hosts Jonathan Armstrong and Eric Sinrod discuss legal issues related to information technology.

Eric and Jonathan discuss the recent Schrems hearing which could affect data transfer between the EU and other countries, including the US. They discuss what companies should be doing now to protect themselves.

You can listen to this podcast here .

We also have more materials on the Schrems case and you can find out more about the background to Max Schrems' challenge in our interview with him here: http://www.corderycompliance.com/interview-with-max-schrems/.

TechLaw10 is a 10-minute audio podcast update from U.S. lawyer Eric Sinrod (Duane Morris) and UK lawyer Jonathan Armstrong (Cordery) where they share insights on developments where technology intersects with the law in the EU and the U.S. These well-known commentators are sought out in the media for their opinions on breaking news and developing trends. Whether you are in North America or Europe, now you can hear directly from them regarding the latest technology issues at home and across the pond.
