
Client Alert: Breakfast with Scott Giordano – London, 29 May 2019

Date : May 7, 2019

Cordery is very pleased to be holding another one of its breakfast meetings which will take place on Wednesday 29 May 2019 when we'll be delighted to have with us Scott Giordano from Spirion talking about privacy in the US (GDPR is not the only game in town!).

Scott is an attorney and a US data protection industry veteran who'll be highlighting important changes in the data protection landscape and what it means for conducting business in the US. In particular he'll share with us his insights into the on-going "quiet revolution" in data protection being lead by individual US states.
