

Episode 155: Ashley Madison - The latest tool in cyber warfare

Date : September 14, 2015

This podcast looks again at the Ashley Madison hack but with a new angle. Is the hack already providing fuel to state sponsored cyber attacks? Are companies already seeing the potential long-term damage to their cyber resilience because of the actions of their employees in signing up for the site?

TechLaw10 is a 10-minute audio podcast update from U.S. lawyer [Eric Sinrod](#) (Duane Morris) and UK lawyer [Jonathan Armstrong \(Cordery\)](#) where they share insights on developments where technology intersects with the law in the EU and the U.S. These well-known commentators are sought out in the media for their opinions on breaking news and developing trends. Whether you are in North America or Europe, now you can hear directly from them regarding the latest technology issues at home and across the pond.
