In this podcast, data privacy/data security expert Jonathan Armstrong and Compliance Evangelist Tom Fox use the framework of GDPR to discuss a wide range of issues relating to these topics.

They consider what the US compliance and InfoSec security expert needs to know about what is happening in the UK, Europe and beyond.

This episode is the first of a three-part series of some of the key lessons learned from the first year of GDPR.

Jonathan Armstrong has also prepared a short film where he gives tips on dealing with a data breach. He talks particularly about data breaches under GDPR and some of the challenges involved. You can see this film here: <https://www.corderycompliance.com/dealing-with-a-data-breach/>
