

## Security Serious Week

**Date :** September 28, 2015

Cordery is pleased to be supporting Security Serious Week which starts this year on 26<sup>th</sup> October. We'll be joining the launch at the Tower of London and running a security workshop in London. We've also made this short film explaining why businesses need to take information security seriously.

Security Serious is backed by a number of UK Government departments but also household names including HP, Canon, HSBC, BT, GSK, IBM, Unilever, First Base and Willis. You can find out more about the campaign [here](#) and who else is backing it [here](#). During Security Serious week you can tweet using #securityserious.

You can find out more about Cordery's information security practice [here](#) and find articles about hot cyber security topics [here](#). You can also follow our tweets during the week @corderyuk
